

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

¹ Checks and drafts on banks located in Kansas City, Mo., and Kansas City, Kans., which can not be cleared through the Kansas City Clearing House will not be accepted for credit from other Kansas City banks, except as country items subject to two days' deferred availability.

² Except cities listed in other schedules.

FEDERAL RESERVE BANK OF DALLAS.**Federal Reserve District Clearing House.**

(1) The clearing-house department will clear, for the member banks of this reserve district, checks and drafts drawn upon any other member bank of the Federal Reserve system; also checks and drafts upon such nonmember banks in the United States appearing on the list to be furnished member banks.

(2) The total of items received from a member bank will be credited to such member bank on the credit side of the clearing-house balance sheet.

The total of items sent to a member bank will be debited to such member bank on the debit side of the clearing-house balance sheet.

Resultant balances between "Items received" and "Items sent," from and to a member bank, will be settled from each day's settlement sheet in the following manner:

(a) All items received through the clearing house on a given member bank will be forwarded immediately to said member bank, properly listed and totaled.

(b) The clearing house will forward to each member interested in the day's clearings an advice showing total of items received from that member, total of items sent to that member, and the resultant credit or debit balance due to or from that member. The advice of a credit balance will indicate the approximate date on which same will be available.

¹ Checks and drafts on banks located in Kansas City, Mo., and Kansas City, Kans., which can not be cleared through the Kansas City Clearing House will not be accepted for credit from other Kansas City banks, except as country items subject to two days' deferred availability.

² Except cities listed in other schedules.

FEDERAL RESERVE BANK OF DALLAS.**Federal Reserve District Clearing House.**

(1) The clearing-house department will clear, for the member banks of this reserve district, checks and drafts drawn upon any other member bank of the Federal Reserve system; also checks and drafts upon such nonmember banks in the United States appearing on the list to be furnished member banks.

(2) The total of items received from a member bank will be credited to such member bank on the credit side of the clearing-house balance sheet.

The total of items sent to a member bank will be debited to such member bank on the debit side of the clearing-house balance sheet.

Resultant balances between "Items received" and "Items sent," from and to a member bank, will be settled from each day's settlement sheet in the following manner:

(a) All items received through the clearing house on a given member bank will be forwarded immediately to said member bank, properly listed and totaled.

(b) The clearing house will forward to each member interested in the day's clearings an advice showing total of items received from that member, total of items sent to that member, and the resultant credit or debit balance due to or from that member. The advice of a credit balance will indicate the approximate date on which same will be available.

UNIVERSITY OF MICHIGAN
1917
PROVIDENT, N. J.

Federal Reserve Inter-District Collection System

CHANGES IN LIST OF BANKS UPON WHICH ITEMS WILL BE RECEIVED BY FEDERAL RESERVE BANKS FOR COLLECTION AND CREDIT

This list embodies all changes since publication of list dated
July 1, 1917. Former lists of changes should be disregarded

SUBJECT TO CHANGE WITHOUT NOTICE

DECEMBER 1, 1917

Extra copies of this list may be obtained from the
Federal Reserve Bank of your district

NOTE.—Federal Reserve Bank of San Francisco no longer receives checks drawn on all State institutions in District No. 12, a list of the banks on which checks will not be accepted appearing under “withdrawals” in their respective States. The “additions” noted have reference to the November supplement.
